DEGREES

- 2014 Docent (habilitation) degree in Mineralogy, Petrology and Tectonics, Uppsala University, Uppsala, Sweden
- 2007 Ph. D. in petrology and geochemistry, AGH - University of Science and Technology, Kraków, Poland
- 2003 M. Sc. in mineralogy and applied geochemistry, AGH - University of Science and Technology, Kraków, Poland
- 2001 Eng. in mining geology, AGH-University of Science and Technology, Kraków, Poland

EMPLOYMENT HISTORY

- Assoc. Professor at the Dept. of Earth Sciences, Uppsala University, Sweden (from 2019)
- Visiting Professor at the Faculty of Geology, Geophysics and Environmental Protection, AGH – University of Science and Technology, Kraków, Poland (2015-current)
- Senior Researcher and National Electron Microprobe Laboratory Manager at the Department of Earth Sciences, Uppsala University, Sweden (2012-2019)
- Researcher at the Dept. of Earth Sciences, Uppsala University, Sweden (2010-2012)
- Postdoctoral research fellow (funded by the Swedish Institute) at the Dept. of Earth Sciences, Uppsala University, Sweden (2008-2010)
- 6 months short term postgraduate fellow at the Geological Institute of Slovak Academy of Sciences in Bratislava, Slovak Republic (2008)

PUBLICATIONS

>50 ISI papers
H-index 21
i10 index 33
>100 conference abstracts

SELECTED APPOINTMENTS AND ACTIVITIES

- Member of the Board of the Mineralogical Society of Poland (from 2017)
- Member of the Board of the Swedish Mineralogical Society (2013-2017)
- Member of the Board of the Petrology Group of the Mineralogical Society of Poland (2007-2009)
- Associate Editor: Polish Polar Bulletin (since 2003), Mineralogia (since 2017)
- Reviewer for funding agencies: Czech Science Foundation, National Geographic Foundation
- Reviewer for >20 scientific journals

AWARDS

- Bergstedt Prize awarded by The Royal Society of Sciences in Uppsala (2016)
- Best final M.Sc. thesis within the scope of mineralogical sciences in Poland - granted by the Board of the Mineralogical Society of Poland (2003)

FUNDING

Proponent or main co-applicant in 18 research projects funded by several funding agencies in Germany, Poland, the Slovak Rep. and Sweden. The total amount of funding equals c. 20MSEK.

SUPERVISION AND TEACHING

Currently there are 6 PhD candidates under (co-)supervision.
More than 10 undergraduate students supervised and/or under supervision.
Several hundred hours taught at undergraduate and graduate levels covering mineralogy, petrology, geochemistry, analytical methods and regional geology.
