Information on thesis

Quick guide

This PDF file consists of four pages. Page 1 and 2 explains how you fill in information on page 3 and 4. All the information can be changed later if needed.

DOCTORAL STUDENT
Enter your first and last name, and a telephone number where we can reach you. Specify what type of computer and what version of Word you use, or if you use LaTeX.

- NUMBER OF COPIES:
  Specify how many books you would like to print. If you are unsure, consult your supervisor.

- NUMBER OF ARTICLES:
  Specify the number of articles that are included in the thesis.

- NUMBER OF COLOUR PAGES:
  Specify how many colour pages you would like to have in the thesis.

- OPPONENT COPY:
  An opponent copy is a version of the thesis that is usually given to the opponent, but which could also be useful to yourself. The spine is bound using a ring binder, and the pages are only printed on the right-hand page. The left-hand pages are left blank, which enables the opponent and yourself to write down notes and questions in preparation for the defence of your thesis.
  (An opponent copy is commonly ordered in two copies.)

COVER
The cover of a book published by Uppsala University has to adhere to the university’s graphic profile.

SEE THESIS OF DOCTORAL STUDENT:
If there’s a thesis published by Uppsala University in your bookshelf with a cover that is to your liking, there is a high probability that we designed the cover. If you’d like your thesis cover to look the same as the published thesis, please write down the author’s name and year of publication so we can search for the cover and make a copy for you. Please note that any eventual pictures can’t be copied. If there’s a certain colour, font, or paper quality that you like, you can mark these options (see below) so we can design the cover to your liking.

If you don’t do any of the above:

- Choose border, label or margin – these can be red, grey, or white. The label can also be black.
- Would you like the Uppsala University seal on the cover? The UU seal looks like a watermark, and the colour is 85% of the background colour. On a white background the seal is shown in a shade of black (15%).
- Would you like a figure or a photo of some kind on the cover? Please specify if you would like it placed on the front or the back of the cover. It is not the number of figures that determines the price of the printing, but rather the amount of colour you use (see below).
COLOUR
The amount of colour you use on your cover.

• **Full colour:**
  *Option 1:* if you’d like to have a photo, an illustration, etc. in colour.
  *Option 2:* red border or margin, and black text.
  *Option 3:* optional background colour, white or grey border or margin.

• **1 colour:**
  *Option 1:* background in black (or shade of black), border/margin in grey or white, plus UU logotype in black.

• **Background:**
  Choose background colour: black, white, or colour from the PMS colour guide (available from us).

• **Tinted/toned:**
  Choose tinted/toned colour if you want the background colour to fade from a darker to a lighter shade. To show us in which direction you wish the tinted colour to fade, please draw an arrow on one of the cover examples which begins at the darkest and ends at the lightest shade.

• **UU logotype:**
  The Uppsala University logotype is mandatory and is placed in the upper left corner of the cover.
  Logotype options:
  • Red/black or black logotype if the border/margin is grey or white.
  • White logotype if the border/margin is red.
  • White logotype if the label is black or red.

TITLE:
Specify which font you would like to use for the title.

SUBTITLE:
Specify which character style you would like the subtitle to have: regular or *italics*.

NAME:
Specify if you want your name written using **UPPERCASE**, Lowercase, or **SMALL CAPS** lettering.

PAPER

COVER:
Specify what paper quality you would like for the cover:
  - Glossy (laminated)
  - Glossy structured
  - Matte structured

INLAY:
Specify what paper colour you would like for the inlay:
  - Yellow toned paper
  - White paper
