Added Value of an International Panelist

Suparna Sanyal

Professor of Molecular Biology,

Coordinator: Master's in Applied Biotechnology

Uppsala University

UPPSALA
UNIVERSITET

Aim

**‘Our education must match
the international standard’**

**- Johan Tysk, TUK2021
Conference on Higher
Education Pedagogy.**

UPPSALA
UNIVERSITET

The Reviewer Panel

- **Lina Thorvaldson**, PhD, Department of Medical Cell Biology, Uppsala University (chairperson)
- **Prof. Dr. Florian Rüker** (University of Natural Resources and Life Sciences, Vienna (BOKU); Department of Biotechnology)
- **Olle Holst**, Prof. em., Division of Biotechnology, LTH, Lund University
- **Emmie Pohjanen**, Student, Master programme in Industrial and Environmental Biotechnology, KTH

Added Values

- Matching the international standard.
- Diversity in views.
- Recommendations based on their experiences.

Examples:

- Limit the number of allowed (re)submissions of the Master thesis.
- Form an evaluation team of subject experts for the scientific evaluation of the theses.

Important Points to Consider

- Information and introduction to Swedish Master's education
- Explain the role of various actors and departments
- Openness
- Correct level of information
- Student and teacher participation.
