# Course evaluations and course reports within the Biology Section IBG coordinates

## How do we follow them up?

Elisabeth Långström

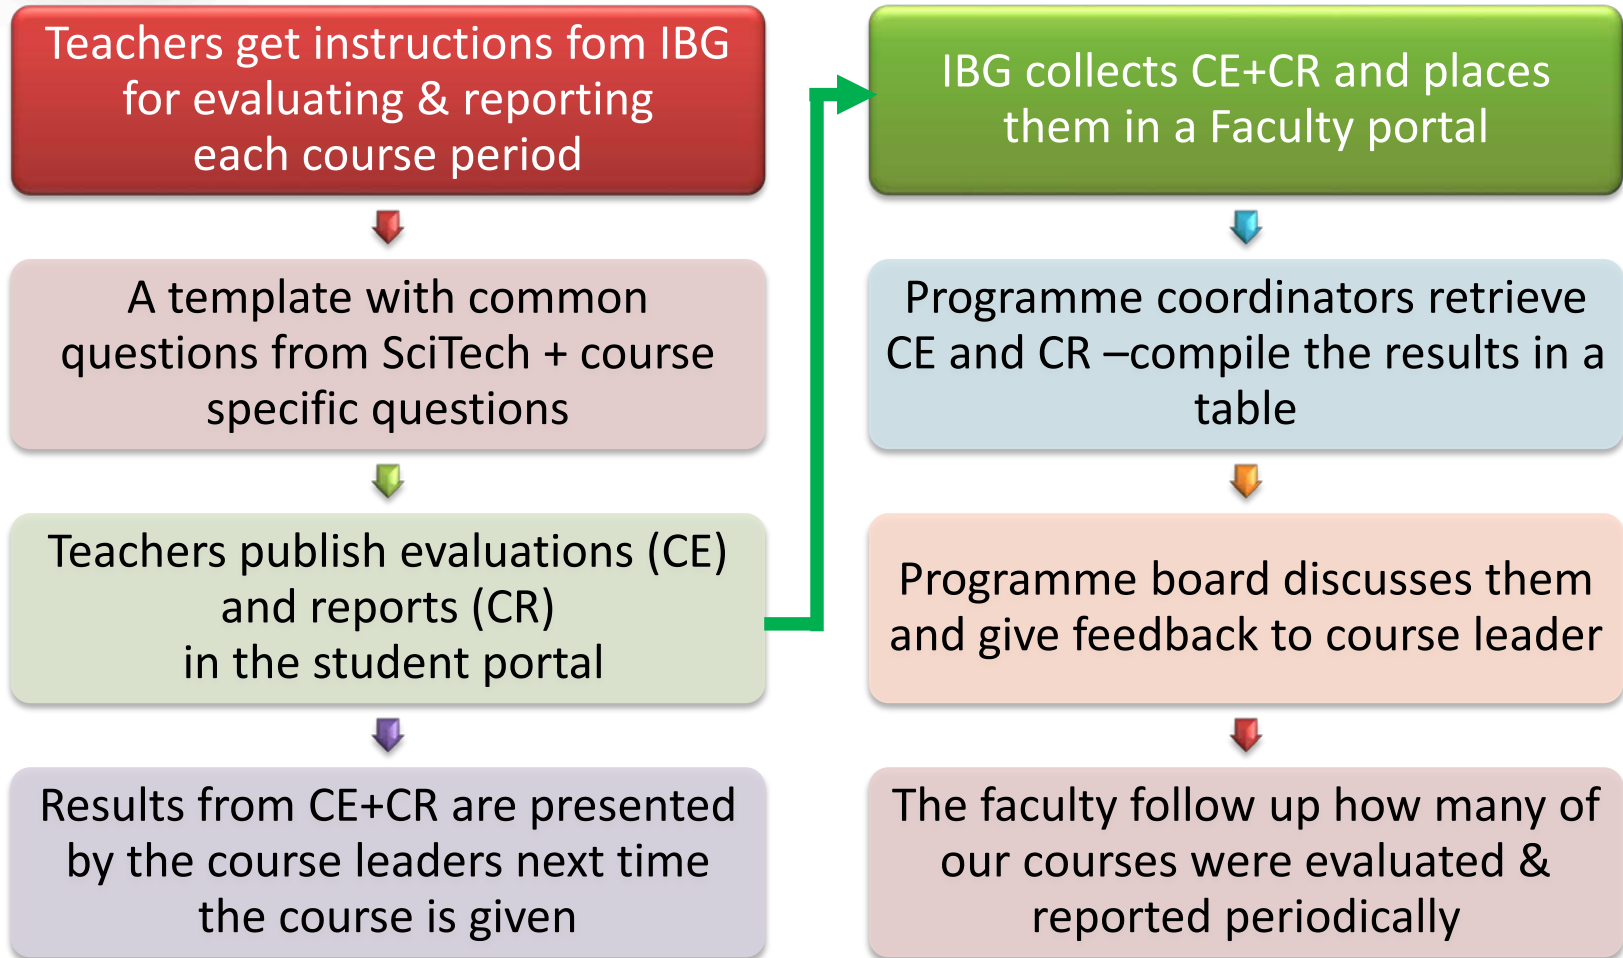

Director of Studies

Biology Education Centre = IBG

[elisabeth.langstrom@ibg.uu.se](mailto:elisabeth.langstrom@ibg.uu.se)

# Course evaluation work – Biology section

## Course evaluation work – Biology section

### Course representative meetings – A formative evaluation activity

- Parallel meetings in English and Swedish twice per period
- Possibility to correct problems during the course
- Gives the representatives power/support to speak for their peers directly with the course leader
- IBG takes problems that should be handled by others to the right instance: the superintendent, programme director, local directors of studies etc.
- Student union reps. take minutes and report to UTN
